
Official Huawei Honor 6X BLN-L21 Stock Rom ((TOP))

[Download](#)

Download Huawei Honor 6X BLN-L21 official firmware (Flash file) for your Huawei device. We also provide Stock ROM for other Huawei devices. I had a problem with my Huawei Honor 6X phone, after the update it started giving out a black screen and would not turn on even after a reboot. I decided to flash it. I went through the flash drive to the w3bsit3-dns.com site and downloaded the latest firmware at the moment. After that, I started flashing, but not to the end. After the firmware, the phone began to show that the settings were being reset, that is, all data from the phone was deleted. I rebooted the phone and started all over again, after several attempts, the phone was flashed.
