The origin of the rule is often cited to have come from Maxim magazine editor-inchief Blake Bell. In an interview regarding a newly published fictional novel ("The Prince's Arrow") and its resemblance to a biography of his former lover, Princess Diana, Bell joked that it was the only one in which "you don't die." Maxim editor Fred J. Hayes replied that "that's right - and it's a six-pack

minimum." The joke has since been repeated in a variety of publications such as the New York Post, Fox News, Vanity Fair, and Entertainment Weekly. Origin The six-pack rule is frequently cited as having come from the Maxim magazine editor-in-chief Blake Bell. On March 22, 2001, Hayes told The Guardian in response to a question regarding a new film by Alexander Payne titled About Schmidt, "It doesn't matter how good the film is, if you're not drunk you're not likely to find it funny." Following the up-and-coming film's positive critical reception, in an interview published in the New York Post, Haves was asked if the film would be a success and the answer included "I'd hate to think. I want the movie to be good, and in about six weeks I'm going to have a six-pack." Hayes described the six-pack rule as a "read
