also you can see it in How to Get More Gold In Skyrim Legendary Edition At this time, Epic has taken to Twitter to inform players that gold-making has been removed for good. As you might have guessed by now, there was an exploit that allowed players to purchase unlimited amounts of gold with real-world money. Quite a few players had started using that exploit, and soon there wasn't nearly as much gold to be found. Epic continued, however, that it wasn't going to make any more gold available for purchase. To ease the pain of this move, it seemed as though the developers just removed the option completely and added in free gold through matchmaking. Skyrim Legendary Edition Hack Tool Download This glitch was widely used in the past to make players more gold in the game. When it was discovered, it was immediately patched out of the game by the development team of Skyrim, and players were unhappy with the decision. Luckily, we now have tools to achieve the same effect. In Skyrim, gold-making is one of the main ways that you can make it big in the game.
